

Dimensions	Filling nozzle model	L1	L2	D1	D2	D3
 <p>The diagram shows a side view of a filling nozzle. It consists of a long, thin nozzle tube with a tapered tip. A shorter, wider section is attached to the back of the tube. Dimension L1 is the total length from the tip to the end of the wider section. Dimension L2 is the length of the wider section. Dimension D2 is the diameter of the thin tube. Dimension D3 is the diameter of the wider section. Dimension D1 is the diameter of the nozzle tip.</p>	GZT15B	140	60	7	5	4
